Statement

PROBLEM STATEMENT

Traditional resumes and paper-based portfolios often fail to effectively showcase an individual's skills, creativity, and real-time projects. There is a need for a modern, interactive, and easily accessible platform where users can present their achievements, talents, and career journey in a more engaging way. BrightPath Digital Portfolio aims to solve this problem by providing a visually appealing, customizable, and web-based portfolio solution

PROJECT OVERVIEW

BrightPath Digital Portfolio is a web-based personal showcase.

Built with HTML, CSS, JS for creativity and interactivity.

Highlights skills, projects, and achievements in a stylish way.

Aims to build a modern, professional online presence.

END USERS

🎓 **Students** – to present academic achievements & projects.

💻 **Job Seekers** – to showcase skills & experience to employers.

🎨 **Freelancers/Designers** – to display creative work portfolios.

🏢 **Professionals** – to highlight career growth and milestones.

🌐 **General Users** – to build a personal brand & online presence.

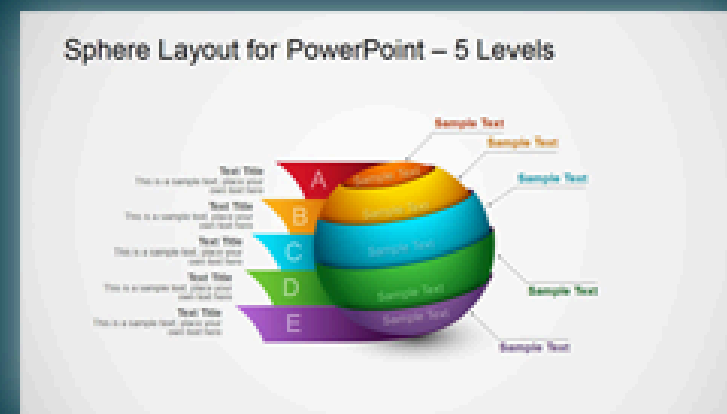

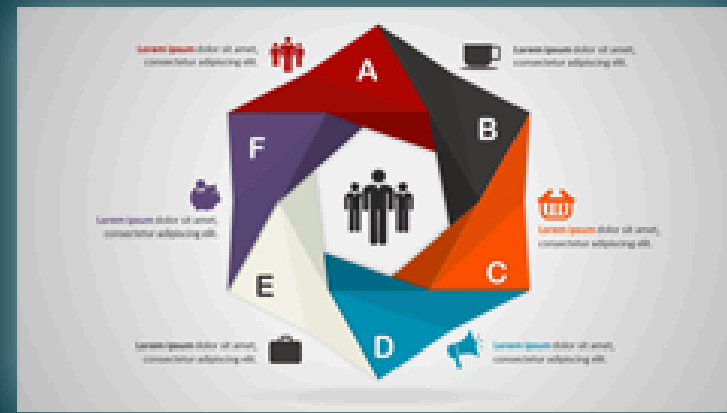

⚙️ TOOLS AND TECHNOLOGIES

- 🌐 **HTML5** – for structuring the portfolio content.
